SUMMARY

I am an aspiring engineer currently pursuing a degree in Computer Science Engineering. With strong analytical and problem-solving skills, I am passionate about technology and eager to secure an internship. My interests lie in mastering programming languages, enhancing user experience through design, and participating in coding competitions to further hone my skills

EDUCATION

BE ComputerScience Engineering
Sathyabama Institute of Science and Technology
📅 2024   2028   📍 Chennai

10th standard percentage:89.2
Shri Anand Jain Vidyalaya.
📅 2022   📍 Chennai, India

12th standard percentage:84.83
Shri Anand Jain Vidyalaya.
📅 2024   📍 Chennai, India

GPA:8.7
SathyabamaInstitute of Science and Technology
📅 2024   📍 Chennai, India

CERTIFICATION

Python For Data Science
NPTEL Online Course

Supervised Machine Learning: Regression and Classification
Coursera

PROJECT

AI-Powered Movie Recommendation System

Built using Python and Tkinter, and integrated with OpenRouter's GPT-4o, this project blends a traditional GUI with the intelligence of a Large Language Model to offer smart, genre-based movie suggestions.

STRENGTHS

☐ **TechnicalSkills**
Technical Skills: Python, C, C++

☐ **Analytical Skills**
Strong problem-solving abilities

☐ **Communication**
Effective verbal and written communication skills

☐ **Teamwork**
Gained experience working in teams on courseworks

LANGUAGES

English ●●●●   **Tamil** ●●●●●   **Telugu** ●●●
                                              Native

INTERESTS

○ **Debugging**
Enthusiastic about learning and applying systematic debugging techniques

☐ **User Experience Design**
Passionate about creating intuitive user interfaces and enhancing user experience through design principles

○ **Coding Competition**
Actively participating in coding competitions on platforms like LeetCode,HackerRank to enhance problem-solving skills.
